Day Tour to Blue Nile gorge and Debre libanos monastery

Itinerary

- Start your day early in the morning from Addis Ababa. It's advisable to leave as early as possible to make the most of your day.
- Drive towards Debre Libanos, which is located approximately 110 kilometers north of Addis Ababa. The drive takes around 2-3 hours, depending on the traffic conditions.
- Upon reaching Debre Libanos, your first stop can be the Debre Libanos Monastery. This historic Ethiopian Orthodox monastery is situated on a scenic plateau overlooking the surrounding valleys. You can explore the monastery complex, visit the church, and learn about its religious and cultural significance.
- After visiting the monastery, head towards the Portuguese Bridge. This bridge is located in the Blue Nile Gorge, one of the most dramatic natural landscapes in Ethiopia. The bridge was built in the 16th century by Portuguese explorers and offers stunning views of the gorge and the Blue Nile River. Take some time to appreciate the natural beauty and capture memorable photos.
- While in the Blue Nile Gorge, you have a chance to see Chelada baboons. These unique primates are endemic to the Ethiopian highlands and are known for their distinctive red patch of skin on their chests. Keep a lookout for them in the surrounding hills and forests.
- After enjoying the sights and wildlife, start making your way back to Addis Ababa. The return journey takes roughly the same amount of time, so plan accordingly to reach Addis Ababa by evening.
